

WEBSITE PROPOSAL

A WEBSITE THAT HITS AS HARD AS YOUR GYM

A fast, mobile-first website for Downtown Boxing Club, so people in Panama City who search for a boxing gym find you, see what you offer and call or text you in one tap.

WHERE YOU ARE TODAY

GREAT GYM. HARD TO FIND ONLINE.

You have a Hall of Fame coach, local TV coverage and a gym open to everyone. But when someone searches “boxing gym Panama City”, they land on directories and apps instead of on you.

TODAY

- Info is spread across Facebook and third-party listings.
- People who don't use Facebook can't see your classes or hours.
- No single link to share with new members.
- Your story (and your coach) isn't front and center.

WITH YOUR WEBSITE

- Show up when people search for boxing in Panama City.
- Classes, hours, location and FAQ in one place.
- Call and text buttons on every screen.
- One link for Facebook, Google and your flyers.

24/7**Works while you coach**

Answers the usual questions and brings in new members even when nobody can pick up the phone.

1 tap**Call or text**

A pre-written text message makes it easy for beginners to reach out.

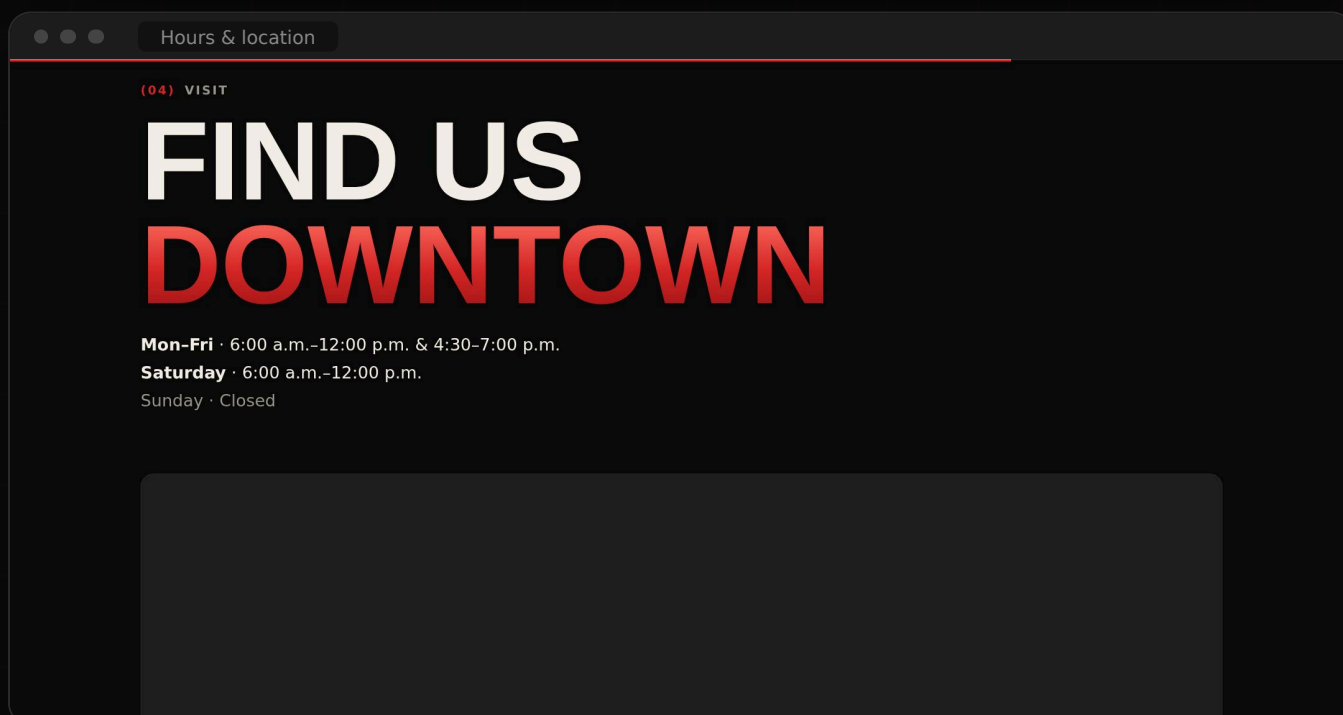

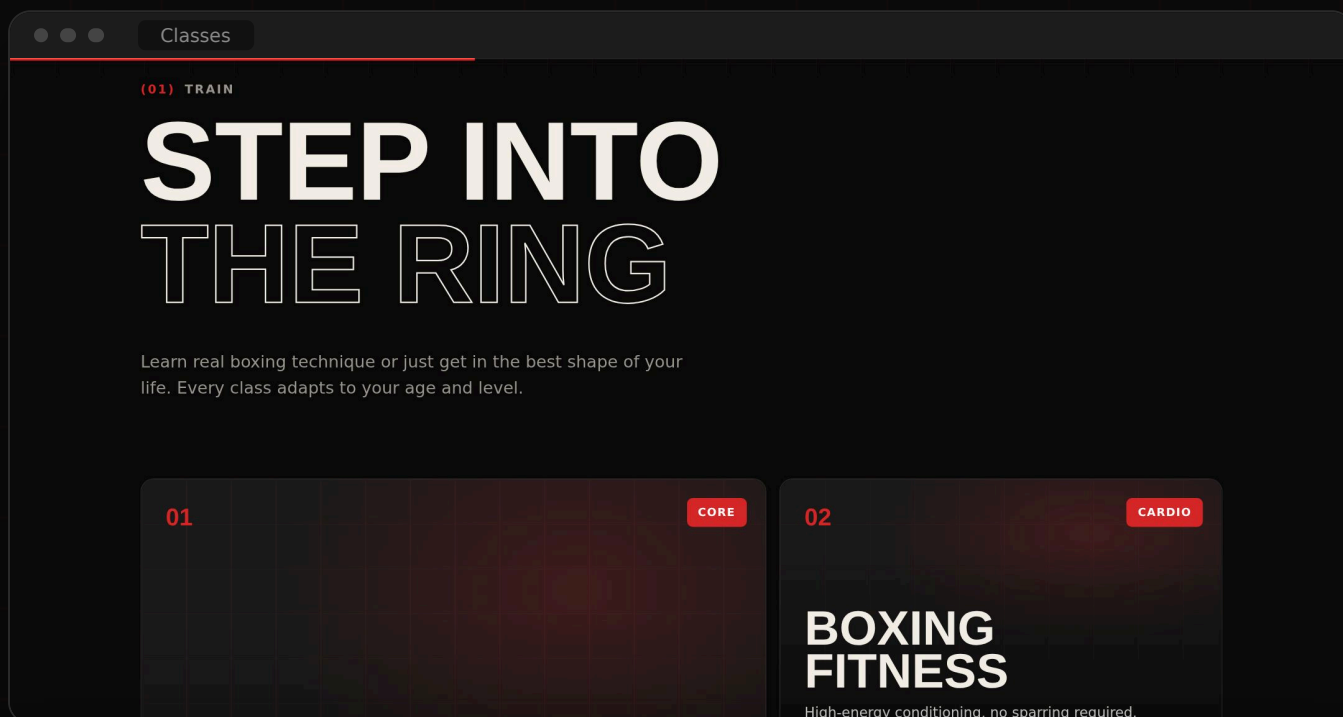

Trust**Looks professional**

A real website builds confidence before anyone walks through the door.

BUILT AROUND YOUR STORY

BOLD, FAST AND ALIVE

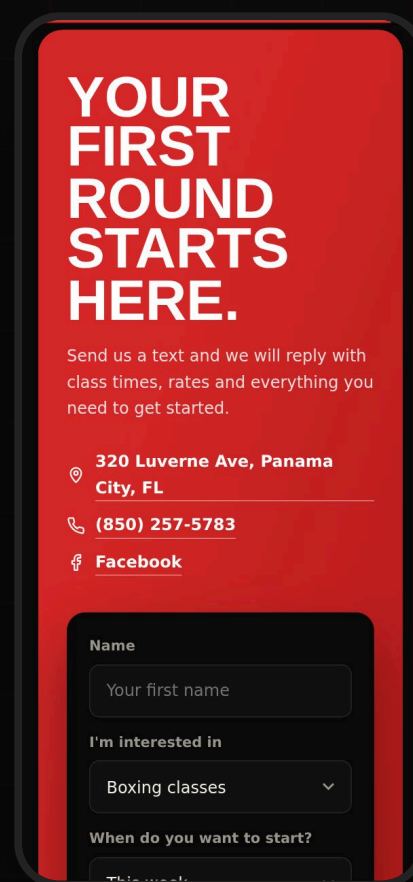

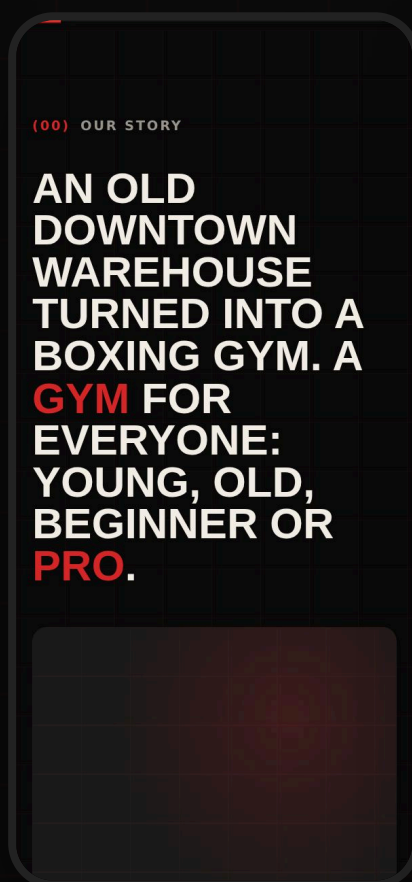

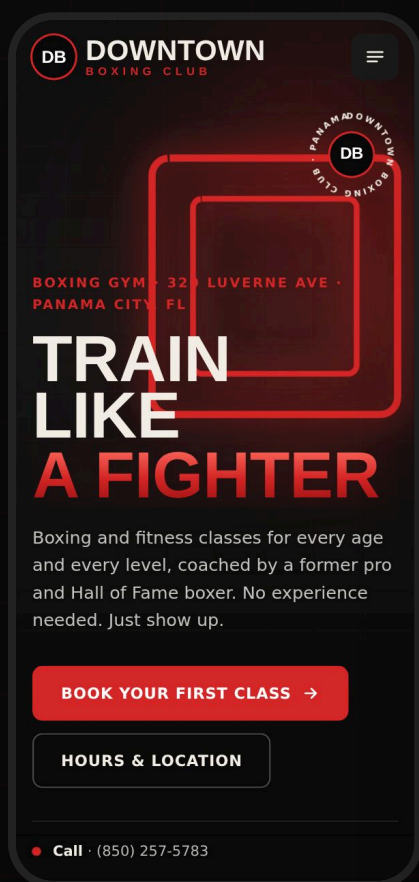

Black and red, big type and smooth motion as you scroll. Your coach's story, your classes and your warehouse gym, all in one page.

WHERE YOUR MEMBERS ARE

MADE FOR THE PHONE FIRST

Most visitors will come from Google or Facebook on their phone, so everything reads well one-handed and the call button is always one tap away.
